Mobile Phones and Technology

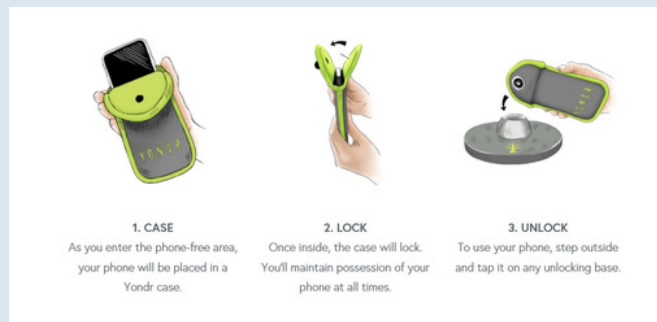

The use of mobile phones & media devices in classrooms is not allowed unless they are part of the structured learning program.

All mobile phones must be turned off and placed in YONDR pouches and locked at the start of the day. Locking/unlocking stations are located on the front gate and, at the end of the day, in Area A.

If students are found to have their phone out of their bags and not in a YONDR case, the phone will be locked in the safe until a parent/carer is available to collect it.

We accept that parents/carers use mobile phones as a safety mechanism for their children, however we ask that all parents/carers contact the school via the front office to communicate with their children during school hours.

We also discourage students from contacting parents/carers directly in cases of illness. Students must report to the front office if they are ill where they can be supervised and cared for until a parent/carer is contacted and arrangements are made for their collection.

ASSESSMENT AND REPORTING

The principle way in which Wauchope High School provides information about a student's achievement is by providing a semester report based on information gathered by the class teacher using tasks (e.g. tests and assessment tasks etc) that assess each student's level of achievement.

SCHOOL REPORTS

Our school reports contain data &/or information on:

- ☐ Attendance
- ☐ Conduct
- ☐ Level of achievement of specific course outcomes
- ☐ Social development
- ☐ Commitment to learning
- ☐ Areas of success and areas for improvement

Academic Reports are
issued twice a year

In Year 7-10 also:

- ☐ Overall achievement in each course

For Year 11-12 - course mark and position:

- ☐ HSC rank for Year 12 students only

ASSESSMENT TASKS: (REFER ALSO TO THE SCHOOL ASSESSMENT CALENDAR/S)

Each course will nominate a number of assessment tasks which will ensure students have the opportunity to demonstrate their level of achievement of the course outcomes. Students will be each given an assessment handbook outlining the tasks and due dates. The assessment handbooks are emailed to each student and available on the school webpage.

Students are required to:

- ☐ complete each assessment task to the best of their ability
- ☐ submit these on or before the due date. Late submission of tasks incur penalties.

If unable to complete a task students must:

- ☐ provide the relevant class teacher with a satisfactory explanation if they are absent when a task is completed. Such an explanation will usually require the provision of documentary evidence such as a doctor's certificate or parental note.
- ☐ such explanations should be provided before the due date of the assessment task.
- ☐ complete the same task at the earliest possible date where this is appropriate OR
- ☐ attempt a similar task and, if this is also inappropriate, then an estimate based on other evidence will be used.

MISSED ASSESSMENT TASKS

Provide a note & / or Doctor's certificate to the class teacher.

Parents are informed by letter of missed tasks.
